Contest Period - October 20th, 2014 – November 10th, 2014

Results Announcement - November 13th, 2014

CONTEST RULES

Register in the group www.ANDIVAXMASTERING.com/reviews and download the original multitrack.

The multitrack for the contest was kindly provided by the great guitar player Mr. Vitaly Budyak (<http://vk.com/vbudyak>)

The multitrack should be mixed, mastering is not obligatory needed. Instruments or voices can not be changed.

«First of all we expect from the participants an interesting vision of the mix and composition. The track includes slow and relaxing part at the beginning and dance-style part after that. So, the task is really complicated and non-trivial. Winners will be judged on the criteria of balance frequencies and volume of the instruments, accents, mix tolerability, original sound of the track. You may want to emphasize the track's contrasts as well. Go ahead, friends!» - mentioned Andi Vax, organizer of the contest.

Deadline for the contest submission - November 10, 2014.

Mixes ready for downloading in MP3-format (320 kbps) can be uploaded to SOUNDCLOUD or PROMODJ indicating that track takes part in the contest.

Links to the mixes should be published in the group ANDI VAX REVIEWS in the comments to the post with the contest.

All the participants must be members of ANDI VAX REVIEWS group on Facebook.
